SEC. 112. REQUIREMENT TO MAINTAIN NAVY AIRBORNE SIGNALS INTELLIGENCE, SURVEILLANCE, AND RECONNAISSANCE CAPABILITIES.

(a) FINDINGS.—Congress finds the following:

(1) The Navy terminated the EP-X program to acquire a new land-based airborne signals intelligence capability because of escalating costs and

1 funds budgeted for the program were re-allocated to
2 other priorities.

3 (2) The Navy took this action without planning
4 and budgeting for alternative means to meet oper-
5 ational requirements for tactical-level and theater-
6 level signals intelligence capabilities to support the
7 combatant commands and national intelligence con-
8 sumers.

9 (3) The principal Navy airborne signals intel-
10 ligence capability today is the EP-3E Airborne Re-
11 connaissance Integrated Electronic System II
12 (ARIES II)—the aircraft and associated electronic
13 equipment of this system are aging and will require
14 replacement or substantial ongoing upgrades to con-
15 tinue to meet requirements.

16 (4) The Special Projects Aircraft (SPA) plat-
17 form of the Navy is the second critical element in
18 the airborne signals intelligence capability of the
19 Navy and provides the Navy its most advanced, com-
20 prehensive multi-intelligence and quick-reaction ca-
21 pability available.

22 (b) REQUIREMENT TO MAINTAIN CAPABILITIES.—

23 (1) PROHIBITION ON RETIREMENT OF PLAT-
24 FORMS.—The Secretary of the Navy may not retire
25 (or to prepare to retire) the EP-3E Airborne Recon-

1 naissance Integrated Electronic System II or Special
2 Projects Aircraft platform.

3 (2) MAINTENANCE OF PLATFORMS.—The Sec-
4 retary of the Navy shall continue to maintain, sus-
5 tain, and upgrade the EP-3E Airborne Reconnaissance Integrated Electronic System II and Special
6 Projects Aircraft platforms in order to provide capa-
7 bilities necessary to operate effectively against rap-
8 idly evolving threats and to meet combatant com-
9 mander operational intelligence, surveillance, and re-
10 connaissance requirements.

12 (3) CERTIFICATION.—Not later than February

17 (A) The Secretary of the Navy is maintain-

20 Special Projects Aircraft platform in a manner
21 that meets the intelligence, surveillance, and re-
22 connaissance requirements of the commanders
23 of the combatant commands.

24 (B) Any plan for the retirement or replace-
25 ment of the EP-3E Airborne Reconnaissance

1 Integrated Electronic System II or Special
2 Projects Aircraft platform will provide, in the
3 aggregate, an equivalent or superior capability
4 and capacity to the platform concerned.

5 (4) TERMINATION.—The requirements of this
6 subsection with respect to the EP-3E Airborne Re-
7 connaissance Integrated Electronic System II or the
8 Special Projects Aircraft platform shall expire on the
9 commencement of the fielding by the Navy of a plat-
10 form or mix of platforms and sensors that are, in
11 the aggregate, equivalent or superior to the EP-3E
12 Airborne Reconnaissance Integrated Electronic Sys-
13 tem II (spiral 3) or the Special Projects Aircraft
14 (P909) platform.

15 (c) RESTRICTION ON TRANSFER OF SABER FOCUS
16 PROGRAM ISR CAPABILITIES.—

17 (1) RESTRICTION.—The Secretary of the Navy
18 may not transfer the Saber Focus unmanned aerial
19 system, associated equipment, or processing, exploi-
20 tation, and dissemination capabilities of the Saber
21 Focus program to the Secretary of the Air Force
22 until 30 days after the Secretary of the Air Force
23 certifies to the congressional defense committees
24 that after such a transfer, the Secretary of the Air
25 Force will provide intelligence, surveillance, and re-

1 connaissance (hereinafter in this section referred to
2 as “ISR”) capabilities at the same or greater capa-
3 bility and capacity level as the capability or capacity
4 level at which the Saber Focus program provides
5 such capabilities to the area of operations concerned
6 as of the date of the enactment of this Act.

7 (2) CONTINUED NAVY PROVISION OF CAPABILI-
8 TIES.—The Secretary of the Navy shall continue to
9 provide Saber Focus ISR program capabilities at the
10 same or greater capability and capacity level as the
11 capability or capacity level at which the Saber Focus
12 program provides such capabilities as of the date of
13 the enactment of this Act to the area of operations
14 concerned until—

15 (A) the certification referred to in para-
16 graph (1) is provided to the congressional de-
17 fense committees; or

18 (B) 30 days after the Secretary of Defense
19 certifies to the congressional defense commit-
20 tees that the ISR capabilities of the Saber
21 Focus program are no longer required to miti-
22 gate the ISR requirements of the combatant
23 commander in the area of operations concerned.

19 ment of 88 cruisers and destroyers in the 313-ship
20 fleet plan of the Navy.

21 (3) A discussion of the process for determining
22 the number of Aegis ships needed by each com-

8 shall—

9 (1) conduct a cost-benefit analysis, in accord-
10 ance with Office of Management and Budget Cir-

5 avionics, software, and aircraft subsystems and
6 components required to remain relevant in
7 countering future threats and meeting the
8 warfighting requirements of the commanders of
9 the combatant commands.

10 (2) An estimate of the full costs, over the pe-
11 riod covered by such future-years defense program,
12 of procuring such additional F/A-18E or F/A-18F
13 aircraft as would be required to meet the strike
14 fighter requirements of the Department of the Navy
15 in the event the service life of legacy F/A-18 aircraft
16 is not extended beyond 8,600 hours.

17 (3) An assessment of risks associated with ex-

Subtitle C—Missile Defense Programs

SEC. 221. SENSE OF CONGRESS ON BALLISTIC MISSILE DEFENSE.

(a) SENSE OF CONGRESS.—It is the sense of Congress—

1 (1) that the phased, adaptive approach to mis-
2 sile defense in Europe is an appropriate response to
3 the existing ballistic missile threat from Iran to the
4 European territory of North Atlantic Treaty Organi-
5 zation countries, and to potential future ballistic
6 missile capabilities of Iran;

7 (2) that the phased, adaptive approach to mis-
8 sile defense in Europe is not intended to, and will
9 not, provide a missile defense capability relative to
10 the ballistic missile deterrent forces of the Russian
11 Federation, or diminish strategic stability with the
12 Russian Federation;

13 (3) to support the efforts of the United States
14 Government and the North Atlantic Treaty Organi-
15 zation to pursue cooperation with the Russian Fed-
16 eration on ballistic missile defense relative to Iranian
17 missile threats;

18 (4) that the ground-based midcourse defense
19 system deployed in Alaska and California currently
20 provides adequate defensive capability for the United
21 States against currently anticipated future long-
22 range ballistic missile threats from Iran, and this ca-
23 pability will be enhanced as the system is improved,
24 including by the planned deployment of an AN/
25 TPY-2 radar in southern Europe in 2011;

1 (5) that the ground-based midcourse defense
2 system should be maintained, enhanced, and ade-
3 quately tested to ensure its operational capability
4 through its service life;

5 (6) that the United States should, as stated in
6 its unilateral statement accompanying the New
7 START Treaty, “continue improving and deploying
8 its missile defense systems in order to defend itself
9 against limited attack and as part of our collabo-
10 rative approach to strengthening stability in key re-
11 gions”;

12 (7) that, as part of this effort, the Department
13 of Defense should pursue the development, testing,
14 and deployment of operationally effective versions of
15 all variants of the standard missile–3 for all four
16 phases of the phased, adaptive approach to missile
17 defense in Europe;

18 (8) that the standard missile–3 block IIB inter-
19 ceptor missile planned for deployment in phase 4 of
20 the phased, adaptive approach should be capable of
21 addressing the potential future threat of inter-
22 mediate-range and long-range ballistic missiles from
23 Iran, including intercontinental ballistic missiles that
24 could be capable of reaching the United States;

1 (9) that there are no constraints contained in
2 the New START Treaty on the development or de-
3 ployment by the United States of effective missile
4 defenses, including all phases of the phased, adapt-
5 ive approach to missile defense in Europe and fur-
6 ther enhancements to the ground-based midcourse
7 defense system, as well as future missile defenses;
8 and

9 (10) that the Department of Defense should
10 continue the development, testing, and assessment of
11 the two-stage ground-based interceptor in such a
12 manner as to provide a hedge against potential tech-
13 nical challenges with the development of the stand-
14 ard missile—3 block IIB interceptor missile as a
15 means of augmenting the defense of Europe and of
16 the homeland against a limited ballistic missile at-
17 tack from nations such as North Korea or Iran.

18 (b) NEW START TREATY DEFINED.—In this sec-
19 tion, the term “New START Treaty” means the Treaty
20 between the United States of America and the Russian
21 Federation on Measures for the Further Reduction and
22 Limitation of Strategic Offensive Arms, signed on April
23 8, 2010.

9 curement (other than initial long-lead procurement) or de-
10 ployment of operational missiles on European land as part
11 of the phased, adaptive approach to missile defense in Eu-
12 rope until the Secretary of Defense, after receiving the
13 views of the Director of Operational Test and Evaluation,
14 submits to the congressional defense committees a report
15 certifying that the proposed interceptor to be deployed as
16 part of such missile defense system has demonstrated,
17 through successful, operationally realistic flight testing, a
18 high probability of working in an operationally effective
19 manner and that such missile defense system has the abil-
20 ity to accomplish the mission.

22 the limitations in subsections (a) and (b) if—

23 (1) the Secretary submits to the congressional
24 defense committees written certification that the

1 waiver is in the urgent national security interests of
2 the United States; and

3 (2) a period of seven days has elapsed following
4 the date on which the certification under paragraph
5 (1) is submitted.

6 (d) CONSTRUCTION.—Nothing in this section shall be
7 construed so as to limit the obligation and expenditure of

9 ited by subsection (a) or (b), including, with respect to
10 the planned deployments of missile defense interceptors on
11 European land as part of the phased, adaptive approach
12 to missile defense in Europe—

21 **SEC. 241. SENSE OF CONGRESS AFFIRMING THE IMPOR-**
 22 **TANCE OF DEPARTMENT OF DEFENSE PAR-**
 23 **TICIPATION IN DEVELOPMENT OF NEXT GEN-**
 24 **ERATION SEMICONDUCTOR TECHNOLOGIES.**

25 (a) FINDINGS.—Congress finds the following:

1 (1) The next generation of weapons systems,
2 battlefield sensors, and intelligence platforms will
3 need to be lighter, more agile, consume less power,
4 and have greater computational power, which can be
5 achieved by decreasing the feature size of integrated
6 circuits to the nanometer scale.

7 (2) There is a growing concern in the Depart-
8 ment of Defense and the United States intelligence
9 community over the offshore shift in development
10 and production of high capacity semiconductors.
11 Greater reliance on providers of semiconductors in
12 the United States high technology industry would
13 help mitigate the security risks of such an offshore
14 shift.

15 (3) The development of new manufacturing
16 technologies is recognized in the semiconductor in-
17 dustry as critical to the development of the next gen-
18 eration of integrated circuits.

19 (b) SENSE OF CONGRESS.—It is the sense of Con-
20 gress that—

21 (1) the United States should pursue research
22 and development capabilities to take the lead in de-
23 veloping and producing the next generation of inte-
24 grated circuits; and

1 (2) the Department of Defense should continue
2 to work with industry and academia in pursuing the
3 research and development of advanced manufac-
4 turing techniques in support of the development of
5 the next generation of integrated circuits needed for
6 the requirements and specialized applications of the
7 Department of Defense.

8 **SEC. 242. PILOT PROGRAM ON COLLABORATIVE ENERGY**
9 **SECURITY.**

10 (a) PILOT PROGRAM.—The Secretary of Defense, in
11 coordination with the Secretary of Energy, may carry out
12 a collaborative energy security pilot program involving one
13 or more partnerships between one military installation and
14 one national laboratory, for the purpose of evaluating and
15 validating secure, salable microgrid components and sys-
16 tems for deployment.

17 (b) SELECTION OF MILITARY INSTALLATION AND
18 NATIONAL LABORATORY.—If the Secretary of Defense
19 carries out a pilot program under this section, the Sec-
20 retary of Defense and the Secretary of Energy shall jointly
21 select a military installation and a national laboratory for
22 the purpose of carrying out the pilot program. In making
23 such selections, the Secretaries shall consider each of the
24 following:

1 (1) A commitment to participate made by a
2 military installation being considered for selection.

3 (2) The findings and recommendations of rel-
4 evant energy security assessments of military instal-
5 lations being considered for selection.

6 (3) The availability of renewable energy sources
7 at a military installation being considered for selec-
8 tion.

9 (4) Potential synergies between the expertise
10 and capabilities of a national laboratory being con-
11 sidered for selection and the infrastructure, inter-
12 ests, or other energy security needs of a military in-
13 stallation being considered for selection.

14 (5) The effects of any utility tariffs, surcharges,
15 or other considerations on the feasibility of enabling
16 any excess electricity generated on a military instal-
17 lation being considered for selection to be sold or
18 otherwise made available to the local community
19 near the installation.

20 (c) PROGRAM ELEMENTS.—A pilot program under
21 this section shall be carried out as follows:

22 (1) Under the pilot program, the Secretaries
23 shall evaluate and validate the performance of new
24 energy technologies that may be incorporated into
25 operating environments.

1 (2) The pilot program shall involve collabora-
2 tion with the Office of Electricity Delivery and En-
3 ergy Reliability of the Department of Energy and
4 other offices and agencies within the Department of
5 Energy, as appropriate, and the Environmental Se-
6 curity Technical Certification Program of the De-
7 partment of Defense.

8 (3) Under the pilot program, the Secretary of
9 Defense shall investigate opportunities for any ex-
10 cess electricity created for the military installation to
11 be sold or otherwise made available to the local com-
12 munity near the installation.

13 (4) The Secretary of Defense shall use the re-
14 sults of the pilot program as the basis for informing
15 key performance parameters and validating energy
16 components and designs that could be implemented
17 in various military installations across the country
18 and at forward operating bases.

19 (5) The pilot program shall support the effort
20 of the Secretary of Defense to use the military as a
21 test bed to demonstrate innovative energy tech-
22 nologies.

23 (d) IMPLEMENTATION AND DURATION.—If the Sec-
24 retary of Defense carries out a pilot program under this
25 section, such pilot program shall begin by not later than

1 July 1, 2011, and shall be not less than three years in
2 duration.

3 (e) REPORTS.—

4 (1) INITIAL REPORT.—If the Secretary of De-
5 fense carries out a pilot program under this section,
6 the Secretary shall submit to the appropriate con-
7 gressional committees by not later than October 1,
8 2011, an initial report that provides an update on
9 the implementation of the pilot program, including
10 an identification of the selected military installation
11 and national laboratory partner and a description of
12 technologies under evaluation.

13 (2) FINAL REPORT.—Not later than 90 days
14 after completion of a pilot program under this sec-
15 tion, the Secretary shall submit to the appropriate
16 congressional committees a report on the pilot pro-
17 gram, including any findings and recommendations
18 of the Secretary.

6 **SEC. 313. REQUIREMENTS RELATED TO THE INVESTIGA-**
7 **TION OF EXPOSURE TO DRINKING WATER AT**
8 **CAMP LEJEUNE, NORTH CAROLINA.**

9 (a) FINDINGS.—Congress makes the following find-
10 ings:

11 (1) The Department of the Navy and the Agen-
12 cy for Toxic Substances and Disease Registry (here-
13 inafter in this section referred to as “ATSDR”)
14 have been working together for almost two decades
15 to identify the possible effects of exposure to con-
16 taminated drinking water at Camp Lejeune, North
17 Carolina.

18 (2) Multiple studies have been conducted, and
19 are being conducted, which require significant
20 amounts of data and historical documentation, re-
21 quiring the Department of the Navy and ATSDR to
22 have close collaboration and open access to informa-
23 tion.

24 (3) In June 2010, the Department of the Navy
25 and ATSDR established the Camp Lejeune Data

1 Mining Technical Workgroup to identify and inven-
2 tory information and data relevant to the ongoing
3 scientific research.

4 (b) REQUIREMENTS.—

5 (1) ATSDR ACCESS TO DATA.—By not later
6 than 90 days after the date of the enactment of this
7 Act, the Secretary of the Navy shall ensure that the
8 inventory created by the Camp Lejeune Data Mining
9 Technical Workgroup is accurate and complete and
10 that ATSDR has full access to all of the documents
11 and data listed therein as needed.

12 (2) AVAILABILITY OF NEW AND NEWLY DISCOV-
13 ERED DOCUMENTS.—If after the date of enactment
14 of this Act the Secretary of the Navy generates any
15 new document, record, or electronic data, or comes
16 into possession of any existing document, record, or
17 electronic data not previously provided in the Camp
18 Lejeune Data Mining Technical Workgroup, the Sec-
19 retary of the Navy shall make such information im-
20 mediately available to ATSDR with an electronic in-
21 ventory incorporating the newly located or generated
22 document, record, or electronic data.

23 (3) LIMITATION ON ADJUDICATION OF
24 CLAIMS.—None of the funds authorized to be appro-
25 priated by this Act for fiscal year 2011 may be used

1 to adjudicate any administrative claim filed with the
2 Department of the Navy regarding water contamination
3 at Camp Lejeune, North Carolina, until at least
4 45 days after the date on which the Secretary of the
5 Navy notifies the Committees on Armed Services of
6 the Senate and House of Representatives of the in-
7 tention of the Secretary to adjudicate the claim.

8 **SEC. 314. COMPTROLLER GENERAL ASSESSMENT ON MILI-**
9 **TARY ENVIRONMENTAL EXPOSURES.**

10 (a) FINDINGS.—Congress makes the following find-
11 ings:

12 (1) There have been various reports of the ex-
13 posure of current and former members of the Armed
14 Forces, their dependents, and civilian employees to
15 environmental hazards while living and working on
16 military installations.

17 (2) There is the need to better understand ex-
18 isting Department of Defense policies and proce-
19 dures for addressing possible environmental expo-
20 sures at military installations, determining any cor-
21 relation between such an exposure and a subsequent
22 health condition, and handling claims and potential
23 compensation.

24 (3) While many of these possible exposures have
25 been studied and evaluated, the extent to which

1 those exposures caused or contributed to the short-
2 and long-term health conditions of current and
3 former members of the Armed Forces, their depend-
4 ents, and civilian employees remains largely un-
5 known.

6 (4) As for these possible exposures and the link
7 between the exposure and subsequent health condi-
8 tions, there may be better ways for the Federal Gov-
9 ernment to evaluate, address and, as warranted, pro-
10 vide health benefits or possible compensation as a
11 remedy to these potential exposures.

12 (b) COMPTROLLER GENERAL ASSESSMENT RE-
13 QUIRED.—The Comptroller General of the United States
14 shall carry out an assessment of possible exposures to en-
15 vironmental hazards on military installations that includes
16 the following:

17 (1) An identification of the policies and proc-
18 esses by which the Department of Defense and the
19 military departments respond to environmental haz-
20 ards on military installations and possible exposures
21 and determine if there is a standard framework.

22 (2) An identification of the existing processes
23 available to current and former members of the
24 Armed Forces, their dependents, and civilian em-
25 ployees to seek compensation and health benefits for

1 exposures to environmental hazards on military in-
2 stallations.

3 (3) A comparison of the processes identified
4 under paragraph (2) with other potential options or
5 methods for providing health benefits or compensa-
6 tion to individuals for injuries that may have re-
7 sulted from environmental hazards on military in-
8 stallations.

9 (4) An examination of what is known about the
10 advantages and disadvantages of other potential op-
11 tions or methods as well as any shortfalls in the cur-
12 rent processes.

13 (5) Recommendations for any administrative or
14 legislative action that the Comptroller General
15 deems appropriate in the context of the assessment.

16 (c) REPORT.—Not later than January 1, 2012, the
17 Comptroller General shall submit to the Chairmen and
18 Ranking Members of the Committees on Armed Services
19 of the Senate and the House of Representatives a report
20 on the findings and recommendations, as appropriate, of
21 the Comptroller General with respect to the assessment
22 conducted under subsection (b).

23 (d) COORDINATION.—In carrying out subsection (b),
24 the Comptroller General shall receive comments from the
25 Secretary of Defense and others, as appropriate.

1 (e) CONSTRUCTION.—Nothing in this section shall be
2 interpreted to impede, encroach, or delay—

3 (1) any studies, reviews, or assessments of any
4 actual or potential environmental exposures at any
5 military installation, including the studies included
6 in the Agency for Toxic Substances and Disease
7 Registry’s Annual Plan of Work regarding the water
8 contamination at Camp Lejeune, North Carolina;

9 (2) the Agency for Toxic Substances and Dis-
10 ease Registry’s statutory obligations, including its

18 ings:

19 (1) Father Vincent Capodanno was born on
20 February 13, 1929, in Staten Island, New York.

21 (2) After attending Fordham University for a
22 year, he entered the Maryknoll Missionary Seminary
23 in upstate New York in 1949, and was ordained a
24 Catholic priest in June 1957.

1 (3) Father Capodanno's first assignment as a
2 missionary was working with aboriginal Taiwanese
3 people in the mountains of Taiwan where he served
4 in a parish and later in a school. After several years,
5 Father Capodanno returned to the United States for
6 leave and then was assigned to a Maryknoll school
7 in Hong Kong.

8 (4) Father Vincent Capodanno volunteered as a
9 Navy Chaplain and was commissioned a Lieutenant
10 in the Chaplain Corps of the United States Naval
11 Reserve in December 28, 1965.

12 (5) Father Vincent Capodanno selflessly ex-
13 tended his combat tour in Vietnam on the condition
14 he was allowed to remain with the infantry.

15 (6) On September 4, 1967, during a fierce bat-
16 tle in the Thang Binh District of the Que-Son Valley
17 in Vietnam, Father Capodanno went among the
18 wounded and dying, giving last rites and caring for

2 tion, the National Defense Service Medal, the Viet-
3 nam Service Medal, the Vietnam Gallantry Cross
4 with Palm, and the Vietnam Campaign Medal.

5 (8) In his memory, the U.S.S. Capodanno was
6 commissioned on September 17, 1973. It is the only
7 Naval vessel to date to have received a Papal bless-
8 ing by Pope John Paul II in Naples, Italy, on Sep-
9 tember 4, 1981.

10 (9) The U.S.S. Capodanno was decommissioned
11 on July 30, 1993.

12 (b) SENSE OF CONGRESS.—It is the sense of Con-
13 gress that the Secretary of the Navy should name a com-

7 “(b) MATTERS INCLUDED.—The plan under sub-

9 “(1) A detailed construction schedule of naval

17 under section 221 of this title, the Secretary of the Navy
18 shall submit to the congressional defense committees a re-
19 port on such decrease including—

24 most recent national security strategy report of the

1 President under section 108 of the National Security
2 Act of 1947 (50 U.S.C. 404a); and

8 “(1) The term ‘budget’, with respect to a fiscal

17 (a) FINDING.—Congress finds that the 2010 report

20 outside countries the ability to project power into a region,
21 thereby allowing aggression or other destabilizing actions
22 to be conducted by the anti-access power. Without domi-

2 ence and increasing the possibility of conflict”.

3 (b) SENSE OF CONGRESS.—It is the sense of Con-
4 gress that, in light of the finding in subsection (a), the
5 Secretary of Defense should ensure that the United States

22 with such capabilities, the nature of such capabili-
23 ties, and the possible advances in such capabilities
24 over the next 10 years.

1 (2) A description of any efforts by the Depart-
2 ment of Defense to address the potential future
3 threats posed by the anti-access and area-denial ca-
4 pabilities of potentially hostile foreign countries.

9 of potentially hostile foreign countries.

10 (e) FORM.—The report required under subsection (c)
11 shall be submitted in unclassified form, but may contain
12 a classified annex if necessary.

13 (f) DEFINITIONS.—In this section—

14 (1) the term “anti-access”, with respect to ca-
15 pabilities, means any action that has the effect of
16 slowing the deployment of friendly forces into a the-
17 ater, preventing such forces from operating from
18 certain locations within that theater, or causing such
19 forces to operate from distances farther from the

10 tract for the destruction of the United States stockpile of
11 lethal chemical agents and munitions carried out pursuant
12 to subsection (a).

13 “(B) The purpose of a clause referred to in subpara-
14 graph (A) is to provide the contractor for a chemical de-
15 militarization facility an incentive to accelerate the safe
16 elimination of the United States chemical weapons stock-
17 pile and to reduce the total cost of the Chemical Demili-
18 tarization Program by providing incentive payments for
19 the early completion of destruction operations and the clo-
20 sure of such facility.

21 “(2)(A) An incentives clause under this subsection
22 shall permit the contractor for the chemical demilitariza-

15 section shall specify the target incentive ranges of costs
16 for completion of destruction operations and facility clo-
17 sure activities, respectively, as jointly agreed upon by the
18 contracting officer and the contractor concerned. An in-
19 centives clause shall require a proportionate reduction in
20 the maximum incentive payment amounts in the event
21 that the contractor exceeds an agreed-upon target cost if
22 such excess costs are the responsibility of the contractor.

23 “(D) The amount of the incentive payment earned
24 by a contractor for a chemical demilitarization facility
25 under an incentives clause under this subsection shall be

1 based upon a determination by the Secretary on how early
2 in the target incentive range specified in such clause de-
3 struction operations or facility closure activities, as the
4 case may be, are completed.

5 “(E) The provisions of any incentives clause under
6 this subsection shall be consistent with the obligation of
7 the Secretary of Defense under subsection (d)(1)(A), to
8 provide for maximum protection for the environment, the
9 general public, and the personnel who are involved in the
10 destruction of the lethal chemical agents and munitions.

11 “(F) In negotiating the inclusion of an incentives
12 clause in a contract under this subsection, the Secretary
13 may include in such clause such additional terms and con-
14 ditions as the Secretary considers appropriate.

15 “(3)(A) No payment may be made under an incen-
16 tives clause under this subsection unless the Secretary de-
17 termines that the contractor concerned has satisfactorily
18 performed its duties under such incentives clause.

19 “(B) An incentives clause under this subsection shall
20 specify that the obligation of the Government to make
21 payment under such incentives clause is subject to the

14 **SEC. 2855. SENSE OF CONGRESS ON PROPOSED EXTENSION**
15 **OF THE ALASKA RAILROAD CORRIDOR**
16 **ACROSS FEDERAL LAND IN ALASKA.**

17 (a) FINDING.—Congress finds that the Alaska Rail-
18 road proposes the extension of its railroad corridor over
19 approximately 950 acres of land located south and east
20 of North Pole, Alaska, including lands located near or ad-
21 jacent to the Chena River spillway, Eielson Air Force
22 Base, Tanana Flats Training Area (Fort Wainwright),
23 Donnelly Training Area (Fort Wainwright), and Fort
24 Greely.

1 (b) SENSE OF CONGRESS.—It is the sense of Con-
2 gress that the Department of the Army and the Depart-
3 ment of the Air Force should explore means of accommo-
4 dating the railroad corridor expansion referred to in sub-
5 section (a) using existing authorities that will not ad-
6 versely impact military missions, operations, and training.

7 **SEC. 2856. SENSE OF CONGRESS ON IMPROVING MILITARY**
8 **HOUSING FOR MEMBERS OF THE AIR FORCE.**

9 (a) FINDING.—Congress makes the following find-
10 ings:

11 (1) In the mid-1990s, the Department of De-
12 fense became concerned that inadequate and poor
13 quality housing for members of the Armed Forces
14 was adversely affecting the quality of life for mem-
15 bers and their families and adversely affecting mili-
16 tary readiness by contributing to decisions by mem-
17 bers to leave the Armed Forces.

18 (2) At that time, the Department of Defense
19 designated about 180,000 houses, or nearly two-
20 thirds of its domestic family housing inventory, as
21 inadequate and needing repair or complete replace-
22 ment.

23 (3) The Department of Defense believed that it
24 would need about \$20,000,000,000 in appropriated
25 funds and would take up to 40 years to eliminate

1 poor quality military housing through new construc-
2 tion or renovation using its traditional military con-
3 struction approach.

4 (4) In 1996, Congress enacted the Military
5 Housing Privatization Initiative to provide the De-
6 partment of Defense with a variety of authorities to
7 obtain private sector financing and management for
8 the repair, renovation, construction, and manage-
9 ment of military family housing.

10 (5) The Air Force has used the Military Hous-
11 ing Privatization Initiative to award 27 projects at
12 44 military bases to improve over 37,000 homes.

13 (6) The Air Force has received \$7,100,000,000
14 in total development investment from the private
15 sector for new housing with a taxpayer contribution
16 of approximately \$425,000,000, representing a 15 to
17 1 leveraging of taxpayer dollars.

18 (7) The Air Force, like the other military serv-
19 ices, has been able to leverage varying conditions of
20 housing at military bases into fiscally viable projects
21 by packaging housing inventories at multiple bases
22 into a single transaction.

23 (8) Congress has approved transactions involv-
24 ing the packaging of multiple bases as a critical tool
25 to maximize the efficient use of taxpayer funds.

1 (9) Congress supports the goal of the Air Force
2 to complete transactions for the repair, renovation,
3 construction, and management of 100 percent of
4 their military family housing inventory in the United
5 States by December 31, 2012.

6 (10) The Air Force currently has 6 project so-
7 licitations prepared for open competition at 22 Air
8 Force installations to improve over 15,000 homes.

9 (b) SENSE OF CONGRESS.—It is the sense of Con-
10 gress that the Secretary of the Air Force should use exist-
11 ing authority to carry out solicitations for the 6 military
12 housing projects involving the packaging of 22 bases con-
13 sistent with the goal of improving 15,000 homes for Air
14 Force personnel and their families by December 31, 2012.

15 **SEC. 2857. SENSE OF CONGRESS REGARDING REC-**
16 **REATIONAL HUNTING AND FISHING ON MILI-**
17 **TARY INSTALLATIONS.**

18 It is the sense of the Congress that—

19 (1) military installations that permit public ac-
20 cess for recreational hunting and fishing should con-
21 tinue to permit such hunting and fishing where ap-
22 propriate;

23 (2) permitting the public to access military in-
24 stallations for recreational hunting and fishing bene-
25 fits local communities by conserving and promoting

1 the outdoors and establishing positive relations be-
 2 tween the civilian and defense sectors;

3 (3) any military installations that make rec-
 4 reational hunting and fishing permits available for
 5 purchase should provide a discounted rate for active
 6 and retired members of the Armed Forces and vet-
 7 erans with disabilities; and

8 (4) the Department of Defense, all of the serv-
 9 ice branches, and military installations that permit
 10 public access for recreational hunting and fishing
 11 should promote access to such installations by mak-
 12 ing the appropriate accommodations for members of
 13 the Armed Forces and veterans with disabilities.
